Nicholas D. Evans
DIGITAL TRANSFORMATION, EMERGING TECHNOLOGY, AND INNOVATION MANAGEMENT

Nicholas Evans is a globally recognized keynote speaker, the author of Mastering Digital Business and Business Innovation & Disruptive Technology, a writer for CIO magazine, and consulting executive focused on managing innovation and disruptive technology.

Nick customizes his keynotes and presentations to your audience’s specific requirements, interests and industry so that you get insights and actionable advice on the topics critical to your conference or meeting and the audience’s future success.

Topics often include:

Managing Innovation

In this entertaining and thought provoking keynote, Nick highlights the importance of a structured, yet highly flexible, approach to innovation for leaders, organizations and business functions.

- Learn about the five critical pillars of innovation management capability
- Gain insight into how to fine-tune innovation programs for digital business initiatives
- Learn about the future of innovation management software
- Learn how Innovation Workshops can be used to quickly arrive at a prioritized short-list of business opportunities
- Obtain tools and strategies for managing innovation within your own organization

Industry Accolades

“Nicholas Evans is a magician, weaving together the complexities of the digital world into a tapestry of opportunities for alert companies and managers. And like a good magician, he makes it look easy. Get started on your digital transformation with this book NOW.”

Henry Chesbrough, professor at UC Berkeley Haas School of Business, and author, Open Innovation: The New Imperative for Creating and Profiting from Technology

“With 52% of the Fortune 500, merged, acquired, gone bankrupt, or fallen off the list since 2000, the digital revolution has transformed business models. Leaders need pragmatic advice from strategy to execution on digital transformation. Nicholas’ book Mastering Digital Business provides practitioners with not only the first principles required to success but also a pragmatic approach to addressing the change management requirement for success in decoding digital business.”

R “Ray” Wang, Principal Analyst & Founder, Constellation Research
